SECTION D: YOUR COUNTER REPRESENTATION

In accordance with Regulation 18 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, any person may make a counter representation in relation to a representation seeking change to a Development Plan Document (DPD). The purpose of a counter representation is to provide an opportunity to respond to proposed changes to the DPD as a result of representations submitted under Regulation 16 of The Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

A counter representation must not propose any further changes to a DPD.

Please provide the reference number of the site-specific representation to which your counter representation relates. If you wish to make a counter representation to more than one representation, please complete a separate sheet for each counter representation you wish to make.

DPS014; DPS015

Your counter representation must relate to a site-specific representation made to the Lisburn & Castlereagh City Council draft Plan Strategy.

Please give reasons for your counter representation having particular regard to the soundness test(s) identified in the Department for Infrastructure’s Development Plan Practice Note 06 Soundness.

Please note your counter representation must not propose any new changes to the draft Plan Strategy. It should be submitted in full and cover succinctly all the information, evidence, and any supporting information necessary to support/justify your submission.

I wish to make a counter representation on behalf of the owners of a portion of lands falling within zoning MA04/10 (2.54 HECTARES OF LAND SOUTH AND EAST OF MOIRA BAPTIST CHURCH, CLAREHILL ROAD,MOIRA). This counter-representation is placed in response to representation references DPS014 and DPS015.

We fully support the continued designation of lands under zoning MA04/10 as lands suitable for residential development, and wish to ensure these lands continue to be zoned as such in the forthcoming Local Development Plan.

The continued designation of these lands will support the delivery of the Plan Strategy, specifically:

- Chapter 4A, Enabling Sustainable Communities and Delivery of new homes
- Chapter 4C, Growing Our City, Town Centres, Retailing and other uses

Representations DPS014 and DPS015 set out that Moira is not capable of sustaining further development. However, Council's evidence identifies an existing and growing need for housing in Moira. To bring forward a plan which does not identify appropriate lands for housing in Moira would be unsound. We therefore believe that it is a sound approach to include land for residential development in Moira in the forthcoming plan, specifically at this location.

It is clear that appropriate levels of residential development are necessary to deliver the aims of the Council's Plan Strategy and to meet demand in Moira throughout the plan period. Furthermore, it is clear that zoning MA04/10 is an appropriate location for residential development, within the settlement limit.

Given the demonstrable need / demand in the area consideration might be given to how existing residential designations in Moira may be augmented in appropriate locations.

In summary, we support Council's inclusion of 2.54 HECTARES OF LAND SOUTH AND EAST OF MOIRA BAPTIST CHURCH, CLAREHILL ROAD,MOIRA under zoning MA/04/10 and strongly support the continued zoning of these lands to facilitate strategically planned housing development.

Should the Council wish to engage on this matter directly we will be happy to further input to the Development Plan as it progresses through the remaining stages of preparation, and if possible, integrate further residential development zoning on adjacent lands.

Kind Regards,

If submitting a hardcopy & additional space is required, please continue on a separate sheet)
